

SEQUOYAH WOODS

Sequoyah Woods is an established community developed around a pristine 10-acre mountain lake. Located at an elevation of more than 3,000 feet and conveniently located 10 minutes southeast of downtown Brevard, Sequoyah Woods is central to the Dupont State Forest and thousands of acres of protected land. Your new home is steps away from enjoying the arts, hiking the pathways, fishing in our lakes, biking the trails and exploring our marvelous mountains!

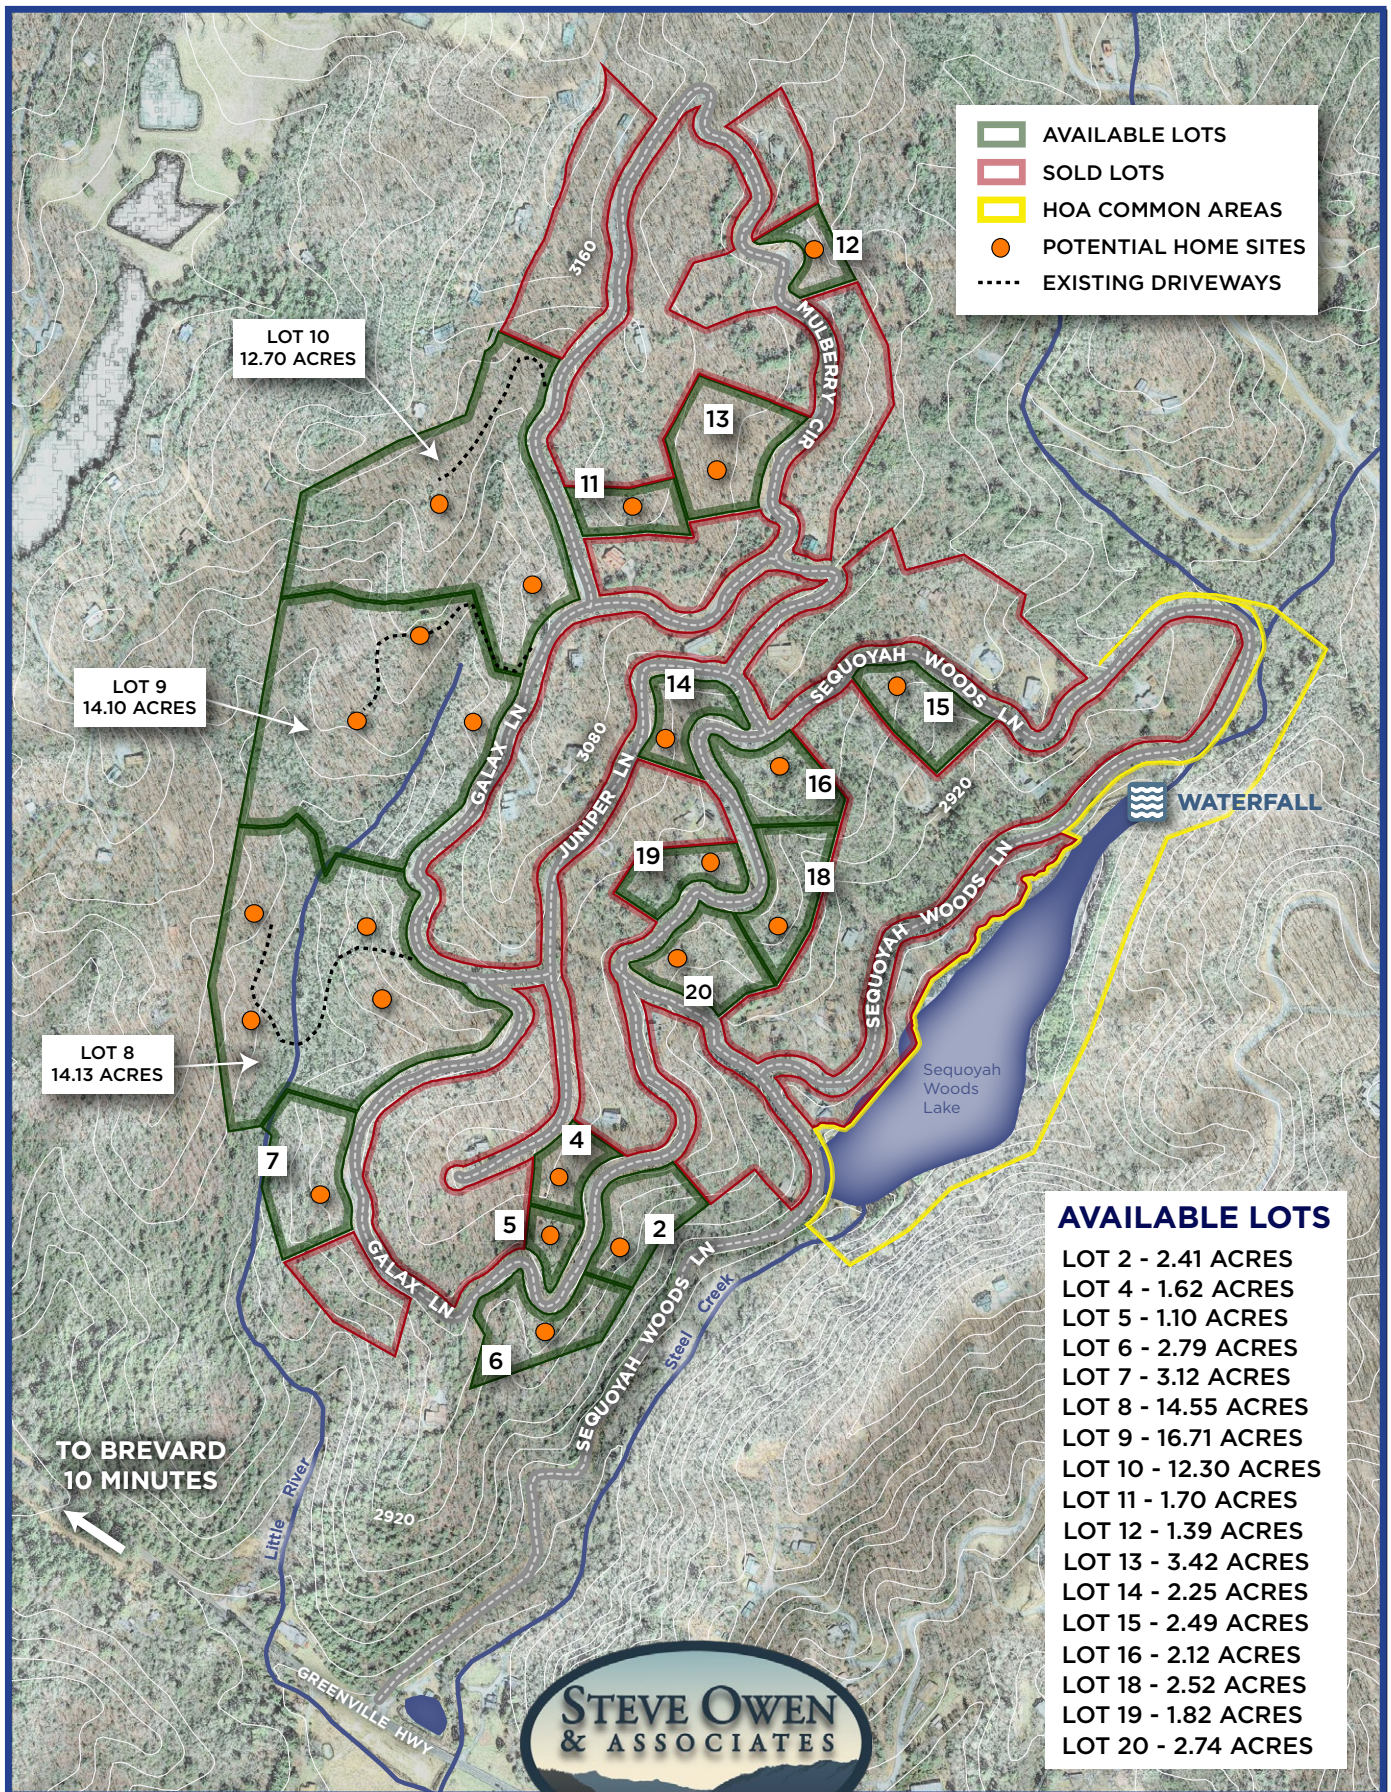

Community amenities include a magnificent lakeside waterfall and common area along with a canoe launch, dock and entertaining area. The private lake and common areas provide you an opportunity to hone your fishing skills; we are home to world-class fly fishing along miles of trout streams.

Home sites, accessed by an existing road network, are wooded and gently sloped with most offering creek and mountain views. In addition, we are pleased to offer 12+ acre private "camp" parcels situated along the Little River on the west side of the community.
